~~CRITICAL PATH SCHEDULE~~ SUMMARY OF CRITICAL PATH SCHEDULE REVISIONS

Contract No.:_____

Highway:_____

Date:_____

Schedule Version:_____

Location:_____

This summary identifies updates made to the Critical Path schedule from ____(~~DATE~~Insert Date)____ (previous submission), to ____(~~DATE~~Insert Date)_____.

~~** The intent of this form is meant to assist in highlighting changes made to the critical path schedule and critical path schedule updates in accordance with GC 7.01.07 Critical Path Schedules. It is not meant to replace the review of critical path schedule submissions. The form is not intended to any requirements and notices detailed elsewhere in the Contract. Any perceived/anticipated delays shall continue to be submitted according to GC 3.06 Extension of Contract Time or Interim Completion Dates. This form shall provide MTO with a highlighted summary of all new/updated changes to the Critical Path Schedule. Any information provided on this form does not replace any contractual requirements or notices required by the Contract Documents. The form is not intended to replace and requirements and notices required by the contract and general conditions ...any and all contract conditions shall apply? In accordance with GC Section 7.01.07.05, Updated Critical Path Schedule Submissions, the Contractor shall clearly provide all additions, deletions, and revisions made to updated Critical Path schedules. This form does not replace the review of Critical Path schedule submissions. Any information provided on this form does not replace any contractual requirements or notices required by the Contract whatsoever.~~

** The tables below shall be extended to identify any and all changes or logic adjustments made to the ~~e~~Critical ~~p~~Path schedule submission version listed above.

SCHEDULE MILESTONES AND CONSTRAINTS

Insert the milestones and/or constraints dates identified from either Contract Document requirements, or included when building the ~~e~~Critical ~~p~~Path schedule:

Milestones / Constraints s <u>Description</u>	<u>Milestone / Constraint</u> Date
