This Supplement forms part of and amends the Qualification Procedures for Contractors (July 2024) with respect to the Major Projects (MP) Classification of Work only. The MP Classification of Work is an interim classification pending completion of the Ministry's comprehensive review of the Qualification Procedures for Contractors. This Supplement shall be read in conjunction with the Qualification Procedures for Contractors (July 2024). Except as expressly amended by this Supplement, all provisions of the Qualification Procedures remain in full force and effect.

Part I: General Information

Section 9 - Classifications of Work

The following classification of work is added:

MP - Major Projects

Major projects designated by the Ministry that incorporate a Request for Proposals (RFP) component.

Section 10 – Experience

A Rated Contractor or new applicant seeking qualification under the MP Classification of Work is not required to demonstrate its ability to perform satisfactory work in accordance with this section. Experience, technical capability, organizational capacity, key personnel qualifications and other project-specific requirements shall be evaluated through the applicable procurement process.

Part III: Annual Qualification Requirements

Section 25 – Basic Financial Rating

The Basic Financial Rating for the MP Classification of Work shall be equal to Net Current Assets multiplied by twenty (20).

To qualify under the MP Classification of Work, a Contractor must have positive shareholders' equity.
